EXPERIENCE

Full Stack Developer

Jan 2025 - Jul 2025

D-WebBox IT Solutions

[Internship Certificate](#)

- Worked as a Full Developer Intern, contributing to **11+ production-level web projects** across multiple business domains.
- Contributed to **backend and full-stack development** for projects, supporting end-to-end feature implementation.
- Built and maintained responsive, user-friendly web interfaces, ensuring clean UI and efficient performance.
- Demonstrated strong problem-solving skills, fast learning ability, and professional work ethic, consistently delivering high-quality work.

Full Stack Developer

Sep 2025 – Nov 2025

Freelance Project

[altafacademy.com](https://www.altafacademy.com)

- Designed and developed Altaf Academy, a complete **ed-tech platform** enabling students to purchase and access **courses, digital products, and subscriptions**.
- Built a **secure admin panel** to create, edit, manage, and sell courses, digital products, and subscription plans.
- Implemented **end-to-end user flows**, including authentication, payments, content access control, and subscription management.
- Delivered the project **independently from frontend to backend**, handling architecture, database design, and deployment.

PROJECTS

StartupSpot - Startup Idea Pitching Platform

[Live Demo](#) | [Github](#)

Full Stack Project

Dec 2024 - Jan 2025

- **Tech stack:** Next.js, React.js, Tailwind CSS, Shadcn UI, Appwrite
- Built Startup-Spot, a startup idea pitching platform enabling founders to showcase ideas and connect with investors or collaborators.
- Implemented idea submission, community voting, and feedback systems to drive engagement and validation.
- Implemented **idea submission, community voting, and feedback systems** to drive engagement and validation.

Stdy.fun - Beautiful AI Notes & Flashcards

[Live Demo](#) | [Github](#)

Full Stack Project

Nov 2025 - Dec 2025

- **Tech stack:** React.js, Vite, Tailwind CSS, Gemini API, Firebase
- Built Stdy.fun, a beautiful AI-powered notes and flashcard generator for efficient learning.
- Enabled users to generate structured notes and flashcards from **topics, YouTube videos, AI responses, and messy PDF notes**.
- Implemented **AI-generated diagrams** within notes and added **PDF export/download** for easy sharing and offline access.
